

Cafeterias & Dining Centers

RPOWER provides a variety of ways to operate your cafeteria beyond traditional order entry. Enter items with simple touch-screen control, PLU lookup, barcode scanning, or via deli scales with multiple tare options. Finalize transactions with a badge scan or credit card swipe, and you're ready for the next customer.

Go paperless! Send customer receipts via email. Speed up cashier lines with **RPOWER** Flashpay - no signature requirements for credit cards under \$25.00. Every facet of fast-paced service has been integrated with your **RPOWER** system to speed up cashier time and minimize customer effort. Keep your cafeteria lines moving faster than your employees with **RPOWER**.

Payroll Deduct & Pre-Pay Programs

Maintaining small margins is a must in every food service organization, especially cafeterias. Minimize your operational cost with **RPOWER's** ability to offer pre-pay card programs. Corporate cafeterias can significantly reduce or even eliminate cash transactions and credit card processing fees with an integrated Payroll Deduction program for employees with daily or real-time reconciliation. Let **RPOWER** earn its way on every order with your organization and its employees.

Meal Plans & Customer Accounts

RPOWER customers have multiple options for payment. Traditional cash, credit card, and checks are always an option. Add in the ability for pre-pay cards, payroll deduction, or individual billing accounts and maximize your profits by minimizing your processing costs. Set up employee meal plans that vary by department or employee levels, number of meals or allowable dollars per day. Let **RPOWER** maximize your potential for convenience.
